ISA and the Center for Igbo Studies take the ISA SERIES virtual

QUICK ENCOUNTER THROUGH RESEARCH AND EDUCATION

Quick Encounter Through Research and Education is exactly what it sounds like --- a series that encourages ISA members to present their research, publications and seminars within a short time and in a collegial manner to the general membership and then take questions, give responses and entertain discussions.

At each Zoom session, the speakers have no more than 15 minutes to share/showcase their work, take questions and hold discussions during a total session time of 60 minutes.
